EXPERIENCE

Independent Product Designer & Brand Consultant

2025-Present

FREELANCE · PRODUCT & BRAND

Independent product and brand design since 2025, partnering with founders and teams from concept to shipped work.

- Product design consulting: strategy, UX, prototyping, and design systems
- Designing and shipping new features for existing products, from problem framing to handoff

Lead Product Designer

2020-2025

SWITCHFLY · TRAVEL

Led product design for a travel commerce platform, managing designers while staying hands-on as an IC.

- Delivered wireframes, prototypes, design mocks, and user research as an IC
- Promoted UX/UI Designer (2020) to Senior (2022) to Lead (2023)

Product Designer

2019-2020

UPLIGHT · ENERGY

Designed, implemented, and tested new features across product lines in the clean-energy space.

- Shipped features cross-functionally with product, engineering, and scrum
- Streamlined client onboarding for Uplight's Marketplace product

Interaction Designer

2015-2019

MONDO ROBOT · AGENCY, VARIOUS

Designed websites, mobile apps, and platforms for clients from global leaders to startups at a Boulder agency.

- Clients included the Michael J. Fox Foundation, Comcast, and Specialized

Designer

2013-2015

PELLUCID ANALYTICS · FINANCIAL ANALYTICS

Solved complex problems with product owners and development teams in financial analytics.

- Wireframes, prototypes, high-fidelity UI, and data visualization for core products
